

VOTING ABSENTEE

A voter may request an absentee ballot beginning 75 days before election day and ending at noon on the day before the election. Voters may apply for each election separately or may request ballots for each subsequent election in which they are eligible to vote, or only for each subsequent federal election.

The elector may request the application by mail, phone, online, or in person, and may submit it by mail, fax or deliver it in person to the election administrator. A third party may also collect this application and forward it directly to the election administrator. Ballots must be received by the election administrator before the polls close on election day.
